	2.	The Communists are now paying members of the Ta T'iem Erh $(\lambda, \pm 1)^2$, such as LO Yao-ch'ang and LIAM; Trai-tung to be leaders of the operations. Using such underworld characters is beneficial to the Communists in that the Ta T'iem Erh are effective in accomplishing the missions assigned to them, and at the same time various underworld elements tend to become pitted against one another. Such practices are also not easily detected by Hong Mong government agents.
